## **XTREME SERIES - CENTER CONSOLE MOUNT** CONTROL

## **FEATURES**

- All controls include start in gear protection
- Designed for use with both 3300/33C and OEM shift and throttle cables
- Suitable for most single engine boats
- Dual action lever (throttle and shift control on one handle)
- Neutral Interlock standard on all side mount controls
- Trim & Tilt options available
- All controls include cut off switch (inboard and outboard versions)
- Drag adjustment on all models
- Easy installation and set up
- Neutral "warm up" button for throttle only operation
- Designed and assembled in the USA

The ergonomics and features of our CHX8350P controls are advanced beyond those of any other control on the market. A shapely, balanced handle design provides an incredibly smooth yet positive feel, neutral interlock, throttle warm-up, and start-in-gear protection features are standard on all CHX83/8XXP models, with power trim/tilt, emergency cut off switches offered as an option. In addition the cosmetics of these controls can be configured to suit many tastes.

CHX83/8XXP center control controls are suitable for use with both 3300/33C or OEM type control cables without adaptation.
