A natural complement to any yacht, the Zodiac® YACHTLINE range has been revisited to better satisfy your needs and to better fit your boat.

This new edition relies on comfort. In addition the new bow rail which is safe and convenient for mooring, combined with its new lateral teak covered step facilitates safe boarding.

While preserving the tender's compactness in order to occupy as little space as possible on your boat; the YACHTLINE interior layout has been designed to provide comfortable seating for all passengers.

The generous storage locker aperture provides easy access to the equipment that you have stored.

There are 3 new tube colors (grey, camel and navy blue) that provide you with the opportunity to harmonize your tender with your boat. These new tubes made of Hypalon™-Néoprène™ fabric provides a better resistance to UV radiation and to abrasion. In addition, tubes are fully removable which facilitate its maintenance.

The YACHTLINE will also fit your recreational activities (water-skiing, sports sailing, etc). Known for its great sea keeping qualities, the Yachtlines are quick to get on the plane thanks to their integral and patented Zodiac® flaps.

Indicated measurements may vary by +/- 3%, or +/- 5% for weight and speed measurements.

(1) Maximum permitted load is calculated using ISO standards. Caution is advised when operating fully laden boats.

(2) Recommended power is based on optimal use of the boat's abilities under average load. Depending on use, choose either maximum (waterskiing) or minimum power (fishing, cruising).

(3) The manufacturer's plaque specifies maximum permitted power. The power of your boat must not exceed this under any circumstances.

(4) Maximum permitted weight: dry weight, according to motor manufacturers' catalogue specifications.

(5) Maximum speeds are intended as a guide only; they were measured in ideal conditions by professional pilots with one person aboard. They may vary according to make of motor, boat load, propeller type and water conditions.

(6) Models in this catalogue are sometimes shown with optional accessories. Please check standard equipment supplied with each model and see your reseller for any additional equipment. The availability of certain models, as well as certain equipment details may vary from country to country (e.g. USA, Canada). The boats photographed in this catalogue may have undergone changes.
