

ROKK waterproof wireless charger

PART NO. SC-CW-01, SC-CW-02, SC-CW-03

The IPX6 waterproof 12/24V Qi certified wireless charger range enables phone charging on board. Choose the right mounting preference for your installation from one of our 3 easy install options.

Input Voltage Range	5-32V (12/24V)
---------------------	----------------

Input Current Range	0.5-1.5A
---------------------	----------

Standby Power Draw	< 0.03W
--------------------	---------

Power Output	5W (5V, 1A)
--------------	--------------

Rating	IPX6 waterproof
--------	-----------------

Dimensions	96mm outside diameter (surface)
------------	---------------------------------

Materials	ASA, TPE, ABS UV resistant sealed unit
-----------	---

1) Hidden Install	i) + 3mm material thickness = 67mm Ø rebate ii) 3mm material thickness or less = bond direct
-------------------	---

2) Surface Install	64-65 mm (2-1/2" - 2-9/16")
--------------------	-----------------------------

3) Bezel visible Install	10mm (0.39")
--------------------------	--------------

Management system	Foreign object detection Thermal management
-------------------	--

Cable	Tinned Copper 300mm (12") (L)
-------	----------------------------------

Approvals	CE Φ FC RoHS
-----------	--------------

Product Highlights	1. The first 12/24V wireless waterproof Qi certified charger 2. Marine grade materials 3. IPX6 waterproof 4. Easy install 5. U.V stable 6. Qi certified 6. Non slip surface 7. No sealant required 8. Heat resistance
--------------------	---
