CLASSIC

THE ORIGINAL

PRACTICAL

Worthy heir of the first Zodiac boats, it kept all of their qualities: safe, stable and strong. Easy to manipulate ashore, with a pair of wheels for launching on water, it's easily maneuverable on protected sea areas; its small draught allowing it to access and "beach" on spots otherwise inaccessible to other boats.

ECONOMICAL

Equipped with a low-power engine, it reaches honorable performances - for a low budget for fuel and upkeep.

FOLDABLE

Entirely foldable, once folded and stored in its two bags, only a few sq. Meters are needed for winter storage; always ready to follow you for new explorations. Available with a wooden or aluminum floor.

FUTURA

MASTER OF THE SEA

SPORTY

True master of the seas, its piloting provides extreme sensations. Its patented hull made of 2 additional lateral buoyancy tubes procures an extraordinary stability in small turns and absorbs with comfort small waves at full speed.

FUN

According to your lifestyle, choose the anodized aluminum, perfectly rigid version, for a loaded use; or choose the inflatable floor version for perfect practicality without sacrificing performances: unfold. Inflate. Go!

FOLDABLE

The Futura is offered with a fast roller inflatable floor (FR). The aluminum version can be equipped with an ingenious cockpit, fixed without tools on the railings of the floor, allowing a free and adjustable position.
