

**In case you have not considered this purchase option:**

<p><b>The following models include a 915 watt battery:</b> Defender item #457352 Travel 1003CS Defender item #457353 Travel 1003CL Defender item #458273 Travel 1103S Defender item #458274 Travel 1103S</p>	<p><b>Also available are these models, which include a 530 watt battery:</b> Defender item #456771 Travel 1003S Defender item #456772 Travel 1003L</p>
--	--

Sales indicate that 75% of Torqeedo Travel Owners either buy a spare battery with their initial purchase or, at a later date, they realize the benefit of having a spare and purchase one.

If you think you might be one of the 75% group of Travel Owners, who may want a spare battery, then you can purchase the 1003 version with the 520 watt battery and purchase a 915 watt battery [Defender item #456877]. **Use the 915 watt as the primary for the motor and the 520 watt as a spare.**

**In doing so, you will spend less money than buying a 1003CS / 1003CL with the 915 watt battery and adding a second 520 watt battery as the spare.**
